# Word definitions - wordscapes level 2382

TECH - Technology.

THEY - A group of people or objects previously mentioned.

ETCH - To cut into a surface with an acid or other corrosive substance in order to make a pattern. Best known as a technique for creating printing plates, but also used for decoration on metal, and, in modern industry, to make circuit boards.

SECT - An offshoot of a larger religion; a group sharing particular (often unorthodox) political and/or religious beliefs.

CYST - A pouch or sac without opening, usually membranous and containing morbid matter, which develops in one of the natural cavities or in the substance of an organ.

CHEST - A box, now usually a large strong box with a secure convex lid.

SCYTHE - An instrument for mowing grass, grain, or the like, by hand, composed of a long, curving blade, with the concave edge sharpened, made fast to a long handle, called a snath, which is bent into a form convenient for use.
